

Keysoe & Three Shire TREC Club

Pre-Season POR Training Ride

Saturday 30th March 2019

At Lilley Hoo Farm, Luton, LU2 8NQ

TREC - LEVEL 1, 2 and 2A

An opportunity to practice your map reading skills before the full TREC season starts. The ride will be on bridleways on the edge of the Chiltern Hills with minimal road work. Most bridleways in the area are surfaced so mud should not be a problem (although unshod horses may find the going a bit difficult).

Format

Riders will complete the route in pairs.

Riders will have 10 minutes in the map room as per a standard TREC competition. (Horses may be tied to a tie up rail while in the map room)

Essential POR equipment as per a level 2 competition will need to be carried and will be checked before departure.

There will be no check points on the course but there will be tickets to ensure riders have followed the route. An overall speed for the course will be given. 100m will be marked out close to the start of the POR for riders.

Written route guidance for more technical areas of the route can be provided for less confident map readers.

There will be three routes to choose from :

Level 1 - simple route approx 12Km long

Level 2 - More technical route requiring careful map reading to ensure small route variations are noted and ridden accurately. Route approx 18Km long

Level 2A - as level 2 but with added grid reference questions and bearings section. (First time bearings riders can have a bearings section with written guidance notes).

Parking for lorries will be on hard standing, trailers will be parked on grass verge. Parking is restricted so please share where ever possible. Numbers will be limited.

Event Organiser and entry secretary:
